Exercise 1   Calc. : ✗

Consider the data set described by the following frequency table :

Scores	Frequency		
10	1		
20	3		4 marks
30	4		
50	6		4 marks
70	1		

1. Calculate its Mode, Median, Range and Inter-Quartile range.

2. Draw a Box-Plot that represents this data set.
